Livable luxury at its finest! A grand foyer welcomes guests with its impressive dual staircase and open view of the sprawling great room and its incredible window wall. An expansive bar adjoins the great room and kitchen complete with grand island, two walk-through butler's pantries, and an attached sunroom/coffee room. This ideal-for-entertaining space opens to the patio with covered outdoor grilling area for take-and-outside cooking and lounging. 8 bedrooms (including a large bunk room that sleeps 16), 11 bathrooms, a large wine cellar, theater, gym and sauna make this spacious yet cozy design a dream come true place to spend quality time with family and friends!
